

The Food Buggy

FOR THE ENTREPRENEUR IN US ALL

IMPORTANT NOTICE:

It is the responsibility of the clients to be sure that the Food Buggy that you order and purchase from the Manufacturer meets all of the local health code requirements for your intended location. Local health codes can vary greatly from city to city, county to county, and state to state. There is a lot of varying information on the internet regarding local health code requirements. Do your research carefully. Please contact your local health department directly for their specific requirements. Further, we would recommend that you actually take the time to visit their office in person (with the Food Buggy photos, the specs and the drawings) to be sure that you and they are on the same page so that your Food Buggy will be approved.
